AVT 222 – Drawing 1

Syllabus

MASON CORE CLASSES
This class fulfills a Mason Core requirement for Arts. Arts goal: Courses aim to achieve a majority of the following learning outcomes: students will be able to identify and analyze the formal elements of a particular art form using vocabulary appropriate to that form; demonstrate an understanding of the relationship between artistic technique and the expression of a work’s underlying concept; analyze cultural productions using standards appropriate to the form and cultural context; analyze and interpret material or performance culture in its social, historical, and personal contexts; and engage in the artistic process, including conception, creation, and ongoing critical analysis.

COURSE DESCRIPTION: 4 Credit Hours
Introduction and exploration of the fundamentals of drawing methods and materials, with emphasis on observational study and critical analysis of the effective and expressive use of line, mass, value, perspective, and formal composition. Emphasis on problems involved in representational and abstract visual interpretations of forms.

Learning Outcomes:
Students who successfully complete a course in the Arts category must meet the first learning outcome and a minimum of two of the remaining four learning outcomes:

1. Demonstrate an understanding of the relationship between artistic process, and a work’s underlying concept, and where appropriate, contexts associated with the work.
2. Identify and analyze the formal elements of a particular art form using vocabulary and critique appropriate to that form.
3. Analyze cultural productions using standards appropriate to the form, as well as the work’s cultural significance and context.
4. Analyze and interpret the content of material or performance culture through its social, historical, and personal contexts.
5. Engage in generative artistic processes, including conception, creation, and ongoing critical analysis.

EXPECTATIONS:
The course is comprised of studio assignments, homework assignments, research, written assignments and the keeping of a sketchbook. Active participation is expected in the studio. This will be demonstrated by meeting assignments with curiosity and interest, by asking good questions, by working hard and being prepared to discuss your results and experiences as well as evaluating finished work. Students are expected to come to class on time and prepared for class. You are expected to research and prepare for studio work as asked. You are expected to demonstrate curiosity and appreciation of Art History. Every student is expected to display originality and the ability to respond confidently to challenging drawing assignments.
COURSE FORMAT:

Studio Assignments
A variety of assignments and exercises will be undertaken each week in class. It is the student’s responsibility to come to class prepared to work on the day’s activities. Students are required to take necessary care of all studio work throughout the semester. You will be required to formally present your work for portfolio review in good condition. Quality of presentation reflects student respect for the treatment and functions of materials and will be considered an important part of your review.

Homework Drawings
Homework drawings will be assigned. Plan to give as much or even more attention to the homework drawings than you give in class assignments. This course requires a minimum of 4 hours per week outside of class. Class time will be devoted to reviewing, discussing and developing your drawing. Late drawings will receive lowered grades, except as negotiated before the deadline.

Sketchbook
A personal sketchbook is a requirement for this course and will be graded accordingly. Maintaining a sketchbook is good practice for developing drawing ideas and provides a less constrained format for visual note taking. Your sketchbook is to be dedicated to AVT 222. As a drawing student, your sketchbook should be used to take notes in class and should show continued evidence of visual idea development. Every student is expected to completely fill at least one 100 page sketchbook during the semester. (6 pages per week are assigned)

-- It is recommended that you use the sketchbook to repeat classroom work to expand and reinforce your understanding of the material covered.
- Class notes, Reflections, observations (saw, heard, did, thought), ephemera, poems, current events, critique, and unexplained phenomenon
--The Sketchbook assignment includes “Image Reflection”. At least six times during the semester, find artwork that relates to our classroom activities. Print a picture of the work. Glue the picture into the sketchbook. Write a paragraph or two about the image, the artist, your observations, and your reflections on drawing class activities. Try to find connections between what we are doing in class and the drawing you select. Write what is important to you. Think critically. Make your own judgments.

Portfolio Review
There are two reviews scheduled. (7th and 15th weeks) These are opportunities to present an overview of your progress for diagnostic evaluation. All relevant coursework, sketchbook and assignments will be submitted for review. Any missing work warrants appropriate alteration of your grade. Non-submission or late portfolios will receive a grade of F, unless prior arrangements have been made. More specific information will be delivered prior to portfolio submission dates. Do not fold your drawings.

Preparation
Students are expected to bring materials to every class meeting and arrive prepared to draw. Students who attend without materials and are unable to work, will be counted as absent for that day.

Clean-up
Students are responsible for cleaning up after themselves so that the room is ready for the next class. At the end of the semester, please thoroughly clean out your locker/file. Do not leave anything behind.

Critiques
We will hold periodic informal critiques after projects. The critiques are designed to help students improve their work and develop a vocabulary to discuss their own work as well as the work of their classmates. Participating in the critiques is mandatory.

**Due Dates**

Assignments are expected to be complete and prepared for presentation at the start of class on the date due. Late assignments will receive lowered grades, except as negotiated before the deadline.

**Attendance: Participation**

AVT 222 is a studio course. Evaluation is strongly based on work done in the studio. Experience has proven students who do not attend drawing class do poorly. All students are expected to attend and actively participate in classroom discussions and critiques. Your ability to articulate key ideas and critically evaluate work is an important part of your development in this course. It is imperative that you participate in every class meeting.

Students are allowed 3 absences without penalty. Excused and unexcused absences are treated the same. Every absence or part exceeding that limit lowers the final grade. A fourth absence lowers the grade by one full letter. Every additional absence lowers the final grade by half a letter grade.

If you can’t be on time, attend as much of the class as you can. It is much easier to make up work when you know what we did. Lateness counts as 1/2 absence. Early departures count as half an absence. Students arriving 30 minutes or later for class will be counted as absent for the day. Students leaving 30 minutes or more before class ends will be counted as absent for the day.

Class will be dismissed with time provided for packing materials and cleaning up. Please do not prepare to depart before class is dismissed. It is disruptive and unfair to your classmates.

___ If you are going to miss class for any reason, it is important that you contact me by email.

___ If you are late or miss a class, you will miss important work. It is your responsibility to find out what you missed from one of your classmates. You must make up the work outside of class whether your absence was excused or unexcused. Drawing missing from the portfolio is graded zero and averaged into the grade.

___ Make up work is due one week after the absence. It is your responsibility to contact me and show me the completed work.

___ Any student who is absent a total of 7 classes is expected to withdraw from the class. And should not expect a passing grade.

**DON’T BE LATE, DON’T LEAVE EARLY, DON’T MISS CLASS!**

**E-MAIL:** All students enrolled in this class are required to have an operative e-mail account set up through the registration process with George Mason University.

**GRADING POLICY:**

All students are graded on an equal basis for the work completed. Students who attend class regularly and satisfy the requirements of each assignment should expect a C in this class. The grade of A is reserved to recognize exceptional effort, intensity and involvement. Grades in this course will be evaluated based on the following criteria and system:
Factors considered in assessing final grade:
- Attendance, punctuality, preparedness for and active participation in class
- Understanding and use of the formal elements of art (use of line, color, texture, shape and value) to explore emotional, social or cultural content
- Use of media and an understanding of the transformation of visual ideas through use of a variety of materials
- Technical skill with a variety of materials
- Respect for peer ideas, Responsive attitude to critique and tutorial input
- Demonstrates understanding of formal language
- Verbal demonstration of analytic and critical skills
- Awareness of the role of aesthetic judgment, intuition and critical analysis in making creative decisions
- Visual research (accumulation of written and/or visual resources)

Letter grades that will be assigned:
- “A” work is considered outstanding within the context of the course. This includes actively participating in every class day, writing thorough, well-researched and thoughtful papers, and executing assignments on time with special attention to learned formal skills, content, craftsmanship, and presentation. The letter grade “A” will not be given if you have more than three absences from class. (A = takes your breath away)
- “B” work exceeds the basic requirements of the course, above average participation. The letter grade “B” will not be given if you have more than five absences from class. (B = good, You get it.)
- “C” work meets the basic requirements of each assignment. Completes work with uneven results. The letter grade “C” will not be given if you have more than seven absences from class. (C = Average, You did the drawing)
- “D” minimal effort. (D = didn’t quite do it)
- “F” no effort.
+ or - will be assigned to letter grades.

60% Drawing, including in-class work and homework
30% Participation (includes: attendance, active listening, active response, effort and the appearance of effort)
10% Sketchbook

All academic accommodations must be arranged in advance through the DRC.

**Cell Phones:** School of Art Policies in accordance with George Mason University policy, turn off all beepers, cellular telephones and other wireless communication devices at the start of class. The instructor of the class will keep his/her cell phone active to assure receipt of any Mason Alerts in a timely fashion; or in the event that the instructor does not have a cell phone, he/she will designate one student to keep a cell phone active to receive such alerts.

**Commitment to Diversity:** This class will be conducted as an intentionally inclusive community that celebrates diversity and welcomes the participation in the life of the university of faculty, staff and students who reflect the diversity of our plural society. All may feel free to speak and to be heard without fear that the content of the opinions they express will bias the evaluation of their academic performance or hinder their opportunities for participation in class activities. In turn, all are expected to be respectful of each other without regard to race,
class, linguistic background, religion, political beliefs, gender identity, sex, sexual orientation, ethnicity, age, veteran’s status, or physical ability.

Statement on Ethics in Teaching and Practicing Art and Design: As professionals responsible for the education of undergraduate and graduate art and design students, the faculty of the School of Art adheres to the ethical standards and practices incorporated in the professional Code of Ethics of our national accreditation organization, The National Association of Schools of Art and Design (NASAD).

Official Communications via GMU E-Mail Mason uses electronic mail to provide official information to students. Examples include communications from course instructors, notices from the library, notices about academic standing, financial aid information, class materials, assignments, questions, and instructor feedback. Students are responsible for the content of university communication sent to their Mason e-mail account, and are required to activate that account and check it regularly.

Attendance Policies Students are expected to attend the class periods of the courses for which they register. In-class participation is important not only to the individual student, but also to the class as a whole. Because class participation may be a factor in grading, instructors may use absence, tardiness, or early departure as de facto evidence of nonparticipation. Students who miss an exam with an acceptable excuse may be penalized according to the individual instructor's grading policy, as stated in the course syllabus.

Honor Code Students in this class are bound by the Honor Code, and are responsible knowing the rules, as stated on the George Mason University website Academic Integrity page (http://oai.gmu.edu/the-mason-honor-code-2/). “To promote a stronger sense of mutual responsibility, trust, and fairness among all members of the Mason community, and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code:

**Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.**

Mason’s Commitment: To create an environment that is innovative, diverse, entrepreneurial, and accessible—helping you avoid accidental or intentional violations of the Honor Code.”
