The purposes of this course are to stimulate perceptual growth and visual awareness in
the student; to introduce and familiarize the student with the materials used in painting; to
introduce the language of image making, expression, and analysis; and to develop awareness
of the role of visual judgement (objective) and intuition (subjective) in
making our creative decisions. We will address the form of painting (the what), the
process of painting (the how), and the content of painting (the why). We will paint, we
will discuss and read about painting, and we will look at a lot of paintings. Our goals are to have
as many different painting experiences (as young painters, you don't know what kind of painter
you may become), and to work hard at the discipline of painting – to learn to think with the brush
in our hand.

Here is what you can expect from me and this class - that we will try to experiment with
as many ways of painting as possible; that we will focus on experience and product; that
I will attempt to explain projects, concepts, and ideas articulately; that I will attempt to answer all
questions; and that I will treat everyone’s work equally and without bias.

Here is what I should expect from you - that you will arrive to class on time and prepared to
work, with your supplies and a good, open attitude; that you will work hard; that you will be open
and willing to experiment and take risks; that you will pay attention; and that you will treat me
and everyone else in the class with equal respect.

Students are required to keep all of their work done throughout the semester. Individual
and group critiques will be our evaluation process. You should expect to do work outside of
class – all paintings are to be completed for critique, and there will be additional homework
assignments. We will meet briefly at the beginning of each class, to explain what we will do that
day, look at artists work, and answer any questions that we may have. It is important that you
are on time - this is a group activity.

Students with Disabilities and Learning Differences: If you have a diagnosed disability or learning difference and you need academic accommodations, please inform me at the beginning of the semester and contact the Disabilities Resource Center (SUB I room 234, 703-993-2474). You must provide your instructor with a faculty contact sheet from that office outlining the accommodations needed for your disability or learning difference. All academic accommodations must be arranged in advance through the DRC.

Cell Phones: School of Art Policies in accordance with George Mason University policy, turn off all beepers, cellular telephones and other wireless communication devices at the start of class. The instructor of the class will keep his/her cell phone active to assure receipt of any Mason Alerts in a timely fashion; or in the event that the instructor does not have a cell phone, he/she will designate one student to keep a cell phone active to receive such alerts.
Commitment to Diversity: This class will be conducted as an intentionally inclusive community that celebrates diversity and welcomes the participation in the life of the university of faculty, staff and students who reflect the diversity of our plural society. Official Communications via GMU E-Mail Mason uses electronic mail to provide official information to students. Examples include communications from course instructors, notices from the library, notices about academic standing, financial aid information, class materials, assignments, questions, and instructor feedback. Students are responsible for the content of university communication sent to their Mason e-mail account, and are required to activate that account and check it regularly.

Attendance Policies Students are expected to attend the class periods of the courses for which they register. In-class participation is important not only to the individual student, but also to the class as a whole. Because class participation may be a factor in grading, instructors may use absence, tardiness, or early departure as de facto evidence of nonparticipation. Students who miss an exam with an acceptable excuse may be penalized according to the individual instructor's grading policy, as stated in the course syllabus.

Honor Code Students in this class are bound by the Honor Code, and are responsible knowing the rules, as stated on the George Mason University website’s Academic Integrity page (http://oai.gmu.edu/the-mason-honor-code-2/). “To promote a stronger sense of mutual responsibility, trust, and fairness among all members of the Mason community, and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code:

**Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.**

Mason’s Commitment: To create an environment that is innovative, diverse, entrepreneurial, and accessible-helping you avoid accidental or intentional violations of the Honor Code.”
